

AIAM MEMBER HIGHLIGHT

The logo for Detroit Engineered Products (DEP) features the letters 'DEP' in a bold, stylized, metallic font with a 3D effect and a slight shadow.

Detroit Engineered Products

John Gelmisi, Engineering Services Director
Detroit Engineered Products (DEP)
850 East Long Lake Rd, Troy, MI
www.depusa.com

DEP's Clients choose to enter into business relationships with us because of our ability to create engineering solutions and automate processes to reduce cost, reduce product development time, and better optimize products for safety, weight, durability, and efficiency. This achieved through our in-house Engineering expertise and supported by our patented MeshWorks Engineering Software platform that provides world class CAE Meshing, CAD Morphing, CAE Process Automation (customized), and Lightweighting.

TOTAL NUMBER OF EMPLOYEES

A stylized line-art illustration of two commercial jet aircraft in flight, one in the foreground and one slightly behind and to the right. The lines are dark against the dark background.

OVER 450 GLOBALLY

Number of employees engaged in your aerospace activity?

100 supporting Aerospace Engineering projects and Software Development

PRESENCE IN MICHIGAN AND IN OTHER STATES/COUNTRIES.

Troy, MI; Canada, India, Japan, China, France, South Korea

WHAT OPPORTUNITIES DO YOU SEE EXIST IN MICHIGAN FOR THE AEROSPACE INDUSTRY?

"The global Aero and Space market needs to be better informed about the enormous capabilities of Michigan-based companies for engineering, machining, tooling, fabrication, and product development. Especially with huge infrastructure to support OEMs and Suppliers and large engineering and production talent base that is backed by many world class Research Universities."

WHAT ARE SOME OF THE ECONOMIC IMPACTS OF YOUR COMPANY BEING LOCATED IN MICHIGAN?

"DEP serves a wide variety of industries with a focus on the transportation industry. DEP supports over 150 OEMs and Suppliers in Michigan with their product development, analysis, engineering staffing/contracting, and software needs."

WHAT HAS BEEN, IN YOUR OPINION, YOUR COMPANY'S GREATEST ACCOMPLISHMENT?

"DEP's MeshWorks software is a world class suite of CAD Meshing and Morphing applications that significantly reduce product development and optimization time."

WHAT ARE YOUR GOALS AND VISION FOR YOUR COMPANY OVER THE NEXT FIVE TO TEN YEARS?

"Goal is to increase support of Aerospace companies in Michigan, the US, and globally. Would also like to enter non-commercial Aero and Space related market."

HOW DOES THE AEROSPACE ASPECT OF YOUR BUSINESS BENEFIT FROM THE AUTOMOTIVE INDUSTRY IN MICHIGAN?

"DEP was almost all Automotive support and slowly entering other industries including aerospace over the years."

AS AN AIAM MEMBER, WHAT DO YOU SEE AS SOME OF THE BIGGEST CHALLENGES FACING MICHIGAN AND THE AEROSPACE INDUSTRY?

"Better exposure to the global Aero and Space industry, better State of Michigan support to highlight capabilities, more organized events sponsored at the State level, and funding for AIAM to grow."
