

Michigan's aerospace industry has huge growth potential, which could have a major impact on our state's economy. The AIAM Charitable Foundation was created to raise funds to support aerospace expansion across the state. Our efforts include:

Creating a diverse talent pipeline

**Strengthening small,
under-resourced companies**

**Raising awareness of the important impact
of aerospace in Michigan and worldwide**

CORPORATE PARTNERS PROGRAM

The AIAM Foundation will invigorate Michigan's aerospace industry and economy by strengthening the people, companies, and resources that already exist in our communities. We are well-positioned to drive progress and prosperity for the people of Michigan.

We invite Michigan businesses to invest in the future of aerospace through an annual donation. You will have a variety of meaningful recognition opportunities and benefits to choose from, depending on your sponsorship level.

Interested in becoming a partner? Scan the QR code, provide a few details, and we will reach out with more information!
